## Part I

WILLIAM H. SHANNON

THE AMERICAN INSTITUTE OF ACCOUNTANTS  
PROJECT IN ACCOUNTING EDUCATION  
ACHIEVEMENT TEST: LEVEL I

H6

## PROVISIONAL FORM C

GENERAL DIRECTIONS

Do not turn this page until the examiner tells you to do so. This is a test of your ability to do certain types of accounting problems. The examination contains twelve parts and requires two hours of working time. The directions for each part are printed at the beginning of the part. Read them carefully and then proceed at once to answer the questions. *Do not spend too much time on any one item. Answer the easier questions first; then return to the harder ones if you have time.* In order to help you distribute your time over the entire test, the examiner will tell you the amount of time remaining at the end of each half hour. If you finish the entire test before time is called, you may go back and work on any part of the test. Work rapidly and carefully. You may answer questions even though you are not absolutely certain that your answers are correct, but since your score will be the number of right answers diminished by a number proportional to the number of wrong answers, *you should avoid answering questions about which you are totally ignorant.* No questions may be asked of the examiner after the examination is begun.

Do not mark your answers in this booklet. Use the separate answer sheet to record all your answers.

The questions are to be answered by selecting that one of the numbered choices which is most appropriate, and blackening with your pencil the space on the answer sheet having the same number as your choice.

Be sure to make the marks on your answer sheet heavy, black, and glossy. If you decide to change an answer, erase your first mark completely. Avoid making any stray marks or dots on the answer sheet.
